Editor-in-Chief
Erick D. Sumlar

Coming to Coahoma Community College has been a great experience to me. "More than anything I've learned a lot about life. CCC is the best community college in the state of Mississippi without a doubt, with an atmosphere that is awesome. You don't find places like Coahoma with the bonding of faculty, staff and students. Coahoma Community College is a great place."

Even though I worked on the yearbook staff in high school, I never thought I would have the pleasure of becoming editor-in-chief of The Coahoman. This experience has taught me strong commitment and leadership.

To the staff, of whom I had the satisfaction of working with was a #1 team. My hat is off to you.

To the students, who graced this book abundantly with your photos, thanks.

U.S. troops in Iraq

The biggest news event of 2003 was unquestionably President Bush's decision to employ American armed forces to oust Iraqi dictator Saddam Hussein. The regime was toppled quickly, forcing Hussein and top members of his Baath political party into hiding. After an exhaustive manhunt, U.S. forces captured Hussein in a small underground hiding area on the banks of the Tigris River.

nine months in hiding

Saddam looks haggard and resigned after he's found.

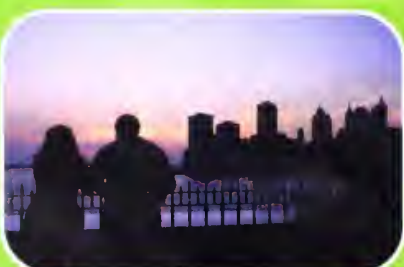

hurricane isabel

A powerful Category 5 hurricane slams into the coastlines of Virginia and North Carolina, causing millions of dollars in damage with sustained winds exceeding 100 miles per hour.

california burning

Wildfires rage outside San Diego, forcing neighborhood evacuations and destroying thousands of homes.

the big blackout of 2003

Millions of people across the northeastern United States break out the candles as a massive blackout cuts electrical power for several days.
